Following the common set of 8 survey items that went to all students, each student received one of three randomly assigned 10-item modules:

Module	Items	Responses
Academic Support	9(A) - 18(A)	1186
Student Support	9(S) - 18(S)	1294
Virtual Instruction	9(V) - 18(V)	1240

In the following slides, N is given for the number of students represented in each chart, excluding those who skipped the item or selected the “N/A” option.

Each module was followed by the same two common open-ended items that went to all students:

- What factors were most important for helping you complete Spring semester?
- What posed the greatest challenges as you worked to complete Spring semester?
